Ministry team minutes:

Finance/Budget review: *In Followup to the meeting, I checked into the question we had regarding the charge on our credit card for \$890. Apparently the church has a credit card and they use it for purchases that require a VISA card. This was actually an expense of for some projectors. Since the statement is mailed directly to the church, I will have to remember to ask for a copy of the charges so those do not get included as expenses to Echoes. Our revised expenses for the month of May should be \$13, 779.09, which includes a \$4000 expense for a portion of the 2008 CAM charges.*

How do we keep track of charges that are not directly related to Echoes? (see above)

Outreach: Sue Swanson will be sending out letters to assisted living centers for donation requests.

Neighboring Tenants: We will continue to monitor the fight club next door. No issues as of yet but we are concerned that there may be image problem if they are able to continue to reside there past the summer months.

No July meeting. We are trying to move our meeting in August to the Wed. after the normal ministry team meeting
