**New Task Force:**

A Confirmation Task Force has been established to review the content of the FELC programming and plan improvements for Fall 2011/Spring 2012. The first meeting will be held on June 22<sup>nd</sup>.

**Ministry Team Minutes:**

The Summary Ministry Advisory Committee continues to support the summer Ministry program. Mentors have been established for the summer Interns. Summer Ministry activities are in full swing and off to a great start.

We also discussed the scope of the Ministry team and potentially continuing to maintain and on-going Summer Ministry Advisory Committee and a Confirmation Advisory Committee. We felt this approach allows for more focus and could enable more involvement. We agreed that we need to document the roles and responsibilities for the Summer Ministry Advisory Committee (SMAC) and if we establish an on-going Confirmation Advisory Committee that we would need to do the same. We would include at least one representative on each committee from the F&Y Ministry Team.

We are one year away from the National Youth Gathering. Once chaperones are established we will ask them to be part of the task force to prepare for NYG.
